(chords repeat throughout)

## Verse:

You're my faithful friend  
When I feel like I'm on my own  
You remind my heart  
It's darkest right before the dawn

## Chorus:

'Cause even in the dead of night  
When darkness is on every side  
You're telling me to lift my eyes  
It's gonna be alright, alright  
Suddenly a light will shine  
As we're waiting for the morning light  
As steady as a new sunrise  
It's gonna be alright, alright

## Verse 2:

Yeah it's hard sometimes  
But I know how the story ends  
Although this night is long  
On your faithfulness I can depend

## Chorus:

'Cause even in the dead of night  
When darkness is on every side  
You're telling me to lift my eyes  
It's gonna be alright, alright  
Suddenly a light will shine  
As we're waiting for the morning light  
As steady as a new sunrise  
It's gonna be alright, alright
